Board Orders Plans Drawn For Addition To Crowded Gettysburg Sr. High School

The Gettysburg Joint School Board at its May meeting Monday evening gave the go-ahead on an addition to the Senior High School building that may cost close to \$300,000 and adopted finally a \$1,416,000 budget for the 1964-65 school year.

The budget, largest in the history of the school district, had been given a preliminary okay last month. It was adopted in the same form Monday evening. The money to meet the budget is provided by the member districts.

The board approved a recommendation of the Finance and Planning Committee that the district "proceed immediately with the preparation of plans" for enlargement of the senior high building which has been crowded ever since it was occupied for the first time a year and a half ago.

ARCHITECT EMPLOYED

Last month Supt. H. Edgar Riegle told the board that the state, which five years ago had refused to approve plans for more rooms in the new high school while it was in the planning stage, has approved a room schedule providing for about a dozen more rooms. When the building was constructed, provision was made for expected future expansion.

On another Finance and Planning recommendation, the board employed the architectural firm of J. Alfred Hamme, York, to prepare the plans for the addition. The same firm was architect for the present building.

Hamme will be paid on a sliding scale. He will get 6 per cent commission on the first \$100,000, 5 1/2 per cent on the next \$100,000, 5 per cent for the third \$100,000 and 4 1/2 per cent for all costs above \$300,000.

AWARD OIL CONTRACT

Finance Chairman Robert W. Weaver told the board a representative of the Hamme firm had told his committee the addition may cost between \$450,000 and \$500,000.

The board awarded the fuel oil contract for the junior high school building for next year to Hess Oil Chemical Co. at its bid of 8.65 cents per gallon, based on the posted price for March 1. Shipley Humble of York offered to supply the oil at 8.00 cents per gallon and two other bidders had their offers rejected because they used the wrong date for basing their offer.

Monday's adoption of the budget was by unanimous vote. The budget is about \$172,000 higher than expenses for the year that ends July 1 but the employment of additional teachers and state-ordered increases in teachers' pay caused the major part of the increase.

TWO SPECIAL MEETINGS

Much time was spent at Monday's meeting in opening stacks of bids for industrial arts, miscellaneous furniture and equipment, musical supplies, physical education, science and agriculture supplies and equipment. Bids were opened on a power

Local Board Backs Six-District Plan

The Gettysburg Area Merged School Board at a special meeting Monday evening in the high school building directed a letter to the Adams County Board of School Directors expressing the local board's desire for a six-district county plan.

The Gettysburg board had joined earlier with the Gettysburg Joint School Board in a similar expression to the county board earlier this year but Monday's action was the first public expression by the area board.

The county board has set next Wednesday for a special meeting for a decision on the county plan. Both a single district and a six-county plan have been under consideration.

At Monday's meeting the Gettysburg Area Board employed a teacher, James R. Feather, to conduct its school census during the early summer. He will be paid at the rate of 25 cents per name.

SCHOOL BOARD MEETS

The Straban Twp. School Board at its May meeting Monday evening at the high school here voted to employ Mrs. Milton Hoffman, Gettysburg R. D., a resident of the township, to conduct the school census in the township. She will be paid at the rate of 25 cents per name. All members of the board attended the meeting.

Local Lions Vote \$500 For Library

Gettysburg Lions voted \$500 from their charity fund Monday evening toward the cost of new furniture and equipment for the enlarged Adams County Public Library.

Service clubs all over the county are being invited to help finance the furnishing of the new section of the library. Monday's action came on a recommendation from the board of directors and the finance committee.

The Lions and their wives met at the Gettysburg Country Club for a box social and square dance.

PHOTO GROUP PLANS TRAVEL PICTURE SHOW

Further details of a plan whereby residents of the area who have made color slides of their travels may show them at a series of public meetings were outlined by the Gettysburg Photographic Society at its meeting Monday evening in the West St. branch of the Gettysburg National Bank.

Dr. C. Allen Sloat, chairman of the slide show committee, said he is asking all residents of the area who may have made slide shows of their vacation visits to notify him in order to permit the photographic society to set up a series of Sunday night shows during the coming winter months. It is hoped that the shows, open to the public, will permit "most of us to see a great deal of the world through the slides taken by our neighbors during their visits."

ANNOUNCES CONFERENCE

A three-day conference on photography to be held at the latter part of June on the campus of Albright College in Reading and sponsored by the Berks Camera Club of Reading, was reported by Secretary Joseph D. Kendlehart.

President David Garfinkle appointed Edward Stine, Dr. Sloat, Dr. H. F. Stuart and Dr. Fred-

BERMUDIAN BD. HIRES THREE NEW TEACHERS

Members of the Bermudian Springs Joint School Board Monday evening hired three teachers and approved the establishment of two additional teacher positions to meet increased emphasis on English and science programs.

Mrs. Lizzie Gary Davis was named to head the English department in September and the board approved the addition of an extra English teacher to provide one teacher for each 125 pupils in the program to emphasize composition. The board also approved the addition of a science-mathematics teacher to meet increased enrollment and the expanded science program.

Miss Cindy Becker, a graduate of Western Maryland College, was hired to teach French at a salary of \$4,500 and Mrs. Margaret Nyce was named to teach Fourth Grade in the York Springs Elementary School at a salary of \$4,600. Robert Metzger was hired to teach Fifth and Sixth Grades at East Berlin at a salary of \$4,500.

RAISE CAFETERIA WAGES

The board also approved hiring Mrs. Baird Hershey, York Springs, as a full-time clerk in the school

KIWANIS CLUB GIVES AWARD TO C. H. CLUCK

Borough policeman Clarence H. Cluck Monday evening received the first "appreciation" award given by the Kiwanis Club.

Cluck was guest of honor at the dinner meeting in the Lamp Post Tea Room and was presented with a "certificate of honor" stating "The Kiwanis Club of Gettysburg hereby reflects the appreciation of all the citizens of this historic community in the presentation of this certificate of honor to Clarence H. Cluck for his rendering of outstanding service above and beyond the call of duty."

The community service committee of the club, Robert J. Snyder and Jack Howe, in presenting the award, said it was based upon "years of service to the community of such caliber as to warrant the appreciation of the community." They said that in his police duties he "frequently goes far above the requirements of his duty to be of assistance and aid to the people he serves."

SELBY SPEAKS

Richard Selby, program director of WGET, was the principal speaker at the dinner which marked "National Radio Month." Selby said, "The newspaper and radio complement each other. The radio can give immediately while the newspaper gives detail and permanency. We had a perfect example of the blend of services in the recent murder case. The newspaper gave the day to day accounts of the testimony in depth. Radio was able to give the verdict quickly. The newspaper is the day-by-day record, in permanent form, of the activities."

ORNDORFF IS MADE CAPTAIN

Promotion of Commanding Officer James A. Orndorff from first lieutenant to captain was announced Monday evening at the drill of the local Howitzer Battery of the National Guard in the Armory on W. Confederate Ave.

Announcement was also made of the assignment of 2nd Lt. Calvin D. Manahan Jr. as unit training officer and 2nd Lt. Ronald E. Blocher as maintenance and recruiting officer.

With First Sgt. James A. Noel in charge, the battery Monday did maintenance on unit vehicles and equipment preparatory to the annual two-week summer encampment to be held from May 30 to June 13. In addition a class in cannoner instruction was held for the entire battery.

Four new men joined the unit: Peter Vonat, Robert Webber, Alfred Weisenbeck and David Lingg. The unit needs six men to come to full authorized strength. Young men interested in learning what the Guard has to offer are asked to visit the Armory any Monday or Wednesday night or call any time during the day.

TO ADDRESS PASTORS

Rev. Dr. Jacob W. Heikkinen, professor of New Testament language, literature and theology at the Lutheran Seminary, will address a meeting of 70 pastors from the Churches of God in Eastern Pennsylvania Thursday morning at an all-day seminar in First Church of God, Harrisburg.

Order Uniforms For Bigler High Band

Richard P. Thompson, Biglerville High School Band director, Monday evening told members of the Band Booster organization that Ostwald Inc., Staten Island, N. Y., has been awarded a contract to supply 120 band uniforms at a cost of \$10,515.60. He said the contract does not include eight majorette uniforms or the uniform for the band director.

Band members will be measured as soon as possible. President Oscar C. Rice Jr. announced that pledges for the uniform fund will be payable July 1 and solicitors were reminded to notify persons who pledged support.

The Band Boosters will resume regular meetings in September.

STUDENT SAYS REVOLT QUIET IN ARGENTINA

A revolution can occur in Argentina without the public "being particularly bothered by it," Miss Sally Partridge, a student at Gettysburg College, told the local Rotary Club at its meeting Monday evening in the YWCA.

The New Jersey girl who was a high school exchange student in Argentina several years ago when the armed forces moved against the presidential palace and took over the government said she was shopping downtown, within three blocks of the area where the revolution was taking place, and knew nothing about it family with whom she was residing, who had heard the details by radio, told her of the events. She said people in the store where she was shopping had continued with their selection of goods and apparently, if they knew what was going on only a few blocks away, were not particularly troubled by the events.

FRIENDLY SCHOOL

She found the school she attended in Buenos Aires "welcomed us with open arms — just as did all the people." The exchange was between a Maplewood, N.J., school and the Buenos Aires school. One of the New Jersey students could not make the trip because there was not sufficient money for him. The students in Buenos Aires, learning of this, raised in one day enough to pay for the New Jersey student's trip there and he joined the group. The school she attended tried the coeducational system, but found the girls were instigators of all types of activities and went back to being a boys' school only, she reported. South American students, "have courses that we don't hear about even in college" during their high school days, but "it's mostly memorization and I don't think their system."

STAG MEETING

The Gettysburg Country Club will hold its monthly stag meeting this evening at 8 o'clock at the clubhouse with a buffet scheduled for 9:30 o'clock. Other meetings scheduled include golf committee at 7:15 and the board of directors at 8.

NAMED JUSTICE

Archie D. Himes, East Berlin, has been nominated by Governor Scranton for appointment as justice of the peace.

Grant Extension On Cleanup Order

Little progress was found at the Gastley property, rear of Baltimore St., today when Mayor William G. Weaver and state officials visited the site to check on the cleanup up ordered by the borough council last week.

Some newspapers had been removed but boxes and rags were found still lying around.

The officials have granted an additional two weeks to the Gastleys, at the end of which "everything must be cleaned up."

GROUP HONORS GIRL - OF - YEAR AT DINNER MEET

Mrs. Selmar Hess Jr., Chambersburg St., was named "Girl of the Year" by the Xi Alpha Chi Chapter of Beta Sigma Phi Sorority Monday evening at its annual Exemplar Day banquet at the Peace Light Inn.

She was presented with a yellow rose corsage and an engraved loving cup, symbolizing the award, by Miss Helen Spangler, last year's "Girl of the Year."

Mrs. Hess has served as social chairman of the sorority during the last year and recently was elected vice president and membership chairman.

EXCHANGE STUDENTS

Miss Mary Lou Kranias presided at the banquet and introduced two foreign exchange students from the local high school; Miss Barbel Lerche and Carlos Wieck who spoke of their native countries, Germany and Brazil. Miss N. Louise Ramer, guidance counselor at the local high school and faculty chairman of the Gettysburg Chapter of the American Field Service Committee, which sponsors the exchange of students, was introduced.

The retiring president, Mrs. John Emanuel, installed the following new officers: Mrs. E. Eugene Pyles, president; Mrs. Selmar Hess Jr., vice president; Mrs. Harold Fair, recording-corresponding secretary; Mrs. William Richardson, treasurer. Mrs. Emanuel was presented with a gavel by the chapter.

The exemplar degree was conferred on Mrs. Marlene Showers, Miss Alice Biggins and Mrs. William Richardson by Mrs. Emanuel.

ROSES TO MOTHERS

It was announced that rose buds were sent each members mother on Mother's Day.

The next meeting will be held May 25 at the home of Mrs. Holbert Riley. Golf will precede the meeting at the Y-Not Miniature Golf Course at 7:30 p.m. The new president announced these committees: Social, Doris Lowery; Doris Hann, Alice Biggins, Helen Emanuel; ways and means, Donna Hammers, Helen Spangler, Marcia Showers, Linda Fair; program, Edith Riley, Eileen Baldwin; membership, Phyllis Hess; banquet, Mary Lou Kranias; Nicky George; service, Dolores McCans, Joan Frazee; publicity, Barbara Richardson.

4-H CLUB MEETS

The Seven Stars Vicinity 4-H club met at the home of Elizabeth Welty Saturday afternoon when a "show and tell" was given by Donna Weaver on how to give demonstrations. Mrs. Paul Reday showed the club objects to make for the next quarter. The next meeting will be held Saturday, May 23, at the home of Marilyn Carr at 1:30 p.m.

Outburst Of Violence At Cambridge, Md. After Speech By Gov. Wallace

By LOUIS G. PANOS
CAMBRIDGE, Md. (AP)—An outburst of violence in the wake of a presidential campaign speech by Alabama Gov. George C. Wallace left this center of racial strife in the grip of new tensions today.

Two demonstrators and five National Guardsmen were injured in a melee touched off Monday night when about 200 singing, hand-clapping integrationists tried to march on the arena where Wallace had spoken.

They met a cordon of some of the 400 National Guardsmen hurried into this sensitive spot just to prevent such an act.

WALLACE HAD LEFT

Wallace had already left the town of 12,600. He had addressed about 1,500 supporters in his campaign in the May 19 Democratic primary and was applauded more than 40 times during a 45-minute speech attacking the civil rights bill pending in the Senate.

Residents Of Oak Ridge Are Thoroughly Aroused Over Dumping Of Sewage Disposal Sludge In Area

"There is no public health significance to the spreading of digested sludge from the sewage disposal plant on open fields," Elvin Hoover, a state Health Department engineer for the Division of Sanitary Engineering, told The Gettysburg Times this morning from his district office in Lewis-town.

In a telephone conversation with a Gettysburg Times reporter, Hoover scoffed at the idea that anyone could be made ill by either the odors or the proximity of the chlorinated sludge.

"Every city within 50 miles of Gettysburg disposes of its digested sludge from its disposal plants in exactly the same manner and the only restriction made is that it not be placed on fields growing root crops such as beets or carrots."

"NOT MALICIOUS"

"If there is an offensive odor, lime should be applied and the substance should be plowed down but it has no public health implications at all. It is not a malicious substance."

Hoover learned of the Gettysburg complaints in a telephone report Monday from the Adams County office of the Division of Sanitation of the state Department of Health. Duane Shaw, sanitarian here, made an on-site inspection Monday and gave his report to Hoover. It was explained that the Division of Sanitation does not have sewage from public disposal plants under its jurisdiction. Such matters are handled by the Division of Sanitary Engineering. That was the reason the information was passed along to Lewis-town.

Hoover checked by telephone with the Gettysburg Municipal Authority for facts in the case and quickly concluded there is no public health problem here. He said someone from his office will come here "in a day or two" but expressed the opinion that if the sludge is being plowed under, there soon will be no problem. The application of lime to the areas where the sludge — and farm manure — have been scattered will cut down the unpleasant odors, he added.

Urge Firemen To Help With Canvass

Gettysburg Fire Department today appealed to its members to take part in the annual solicitation for funds.

Members are needed to aid with both the town and rural solicitation, it was announced. Members are to meet at 6:30 o'clock this evening at the engine house to begin the canvass. Monday night only a few reported for duty. Wednesday night solicitation will start at 6:30 o'clock followed by the regular meeting at the engine house.

GETTYSBURG WINS \$300 IN C. C. CONTEST

The Gettysburg Junior Chamber of Commerce has received \$300 from the Pennsylvania State Chamber of Commerce for winning fifth place in the town's population size division in the annual community development contest of the state organization.

Announcement of the 38 prize winners in the five population classes was made by the state C. of C. at Harrisburg Monday. Gettysburg was fifth in Class C — for towns between 5,000 and 10,000 in population. Saint Mary's was first in that class, Kittanning second, Scottsdale third, Charleroi fourth, Gettysburg fifth, Kane sixth, Ridgway seventh and Fallstown Twp., Milton and Waynesburg received honorable mention.

OTHER AWARDS

The prizes include \$1,500 for first place, \$1,000 for second place, \$500 third, \$400 fourth, \$300 fifth, \$200 sixth and \$100 seventh in each classification.

Eisenhowers Will Return Thursday

PALM DESERT, Calif. (AP)—Former President Dwight D. Eisenhower Monday left for his farm at Gettysburg after spending a winter vacation at this desert resort.

Eisenhower and his wife, Mamie, traveling by train, will arrive at Gettysburg Thursday. The Eisenhowers have spent the winter here for the past three years. They have been here since last December 17.

FRACTURES ARM

Larry Runk, of 113 Hanover St., was treated Monday at the Warner Hospital for a fracture of the right forearm suffered in a fall from a porch at his home.

AWAIT VERDICT IN DRAG RACING CASES TODAY

At 2 o'clock this afternoon the jury found Rebert guilty of both involuntary manslaughter and drag racing.

It found Eltz innocent of drag racing but placed the costs on him.

An Adams County jury was expected this afternoon to return with its verdict on the drag racing charges against Richard M. Rebert and Philip E. Eltz, both of Hanover, and an involuntary manslaughter charge against Rebert. The jury went out at about 10 a. m.

Rebert, 19, blamed his inexperience as a driver for causing an accident last Thanksgiving, November 28, which claimed the lives of two other Hanover youths, Gary Lee Forry, 21, and Calvin Joseph Eltz, 17, a brother of the one defendant.

Rebert told the jury Monday afternoon that he and Eltz were both driving when the group of young people first met at a basketball activity at Delone High School. Both Eltz and Rebert are employed in shoe factories. The group went to the "Bucket," and found that restaurant closed for the holiday.

Rebert said he then drove onto the Mt. Pleasant Rd. out of McSherrystown and stopped on the road, and waved Eltz to drive up beside his car.

NO RACE INTENDED

He said he planned to ask Eltz, "Where we should go next?" When the Eltz car pulled along side Rebert said, one of the passengers in his car — he did not know which one — shouted, "Do you want to run one off?" He said that meant drag race. Rebert said he had no intention to race, nor was he the one who shouted. Moments later another car appeared and Eltz pulled ahead to get out of the way of the approaching vehicle. As a result, Rebert said, he never got an answer to his query about where to go next, and didn't know whether he had been heard.

Eltz continued down the road toward Mt. Pleasant, Rebert said, and he drove after him. Eltz was driving about "45 miles an hour" and Rebert decided to pass the Eltz car. He said he had successfully passed the Eltz auto and entered a turn. At that point he apparently took the turn "a little wide" and his car got onto "spawls" on the berm and went out of control — hitting two trees and a culvert.

Rebert said he had only a few months of driving experience, and that the "sharp cut" he had made in front of Eltz's car after passing was his normal method of driving. He knew the curve was coming up and wanted to get back into his own lane. He held the passing of the Eltz car in no way contributed to the accident.

TRY ASSAULT CASE

Trial was begun Monday afternoon of the assault and battery charge brought by Stewart B. and Millard L. Wallet, Hanover, against Francis L. Beard, Midway. The Wallets allege that Beard assaulted them when they went to a home rented by Millard Wallet in Midway to pick up Millard Wallet's mail. Millard Wallet, who says he has been blind since 1957, does not reside at the house but keeps it for storage. Beard is the occupant of the other side of the double house. Millard Wallet said Beard pushed or hit him on the shoulder as he was getting into his car and he fell into the vehicle. Beard then went to the driver's side and pulled Stewart Wallet out of the car. Beard admits to a discussion with the Wallets concerning the fact that windows were open in the Wallet side of the house. He alleged that that made hearing of his side of the house difficult. He admits he became angry but denied assault on the two men.

late also but all were referred to the administration for study and tabulation.

Two special meetings of the Joint School Committee are planned for next Monday evening and for May, May 25, to award contracts.

The price structure for cafeteria lunches was referred to the Finance and Planning Committee for study after a director questioned whether the lunch price could be lowered in view of a \$15,000 balance in the cafeteria fund.

LUNCH PRICES IN LINE

It was explained that lunch prices here are in line with other nearby schools and that the federal subsidy for milk has been declining.

The matter came before the board when Business Manager Douglas Houston asked authority to place some of the money on deposit so that it can earn interest. He was given such authority but the discussion brought a decision to pay for the new junior high cafeteria dishwasher from the cafeteria fund instead of the general fund. It was ordered last month and will cost about \$3,400. It was pointed out that cafeteria fund money can be used only for cafeteria expenses.

The directors voted permission for use of the usual school playground areas and one gymnasium in the summer recreation program here.

PRaise FROM PRESIDENT

The board received an invitation to a Sunday afternoon concert by the elementary school band. They also received an invitation to attend the county library dedication Sunday afternoon.

Bills totalling \$9,136 were approved for payment.

President Oren H. Wilson, who presided at the board meeting, said he had attended the Senior prom last weekend at the high school and had been "very favorably impressed" with the student arrangements for the affair and the "decorum" at the dance at which, he said, was "a very nice affair." He also praised the junior high science fair last weekend at the high school and later Junior High Principal Charles Edwards said nearly 4,000 persons had visited the fair, including 2,000 students.

REPORTS GIVEN

Senior High Principal Charles A. Tressler invited the directors to attend commencement exercises May 31 and called attention to plantings of pin oak trees at the new building. He said they were paid for by the Varsity Club and by profits from a soft drink machine in the faculty room.

The monthly cafeteria report showed the cafeteria units operated 22 days last month, serving an average of 2,301 pupils and 106 adults daily. Receipts were \$17,777 and expenditures \$18,225, a net loss of \$447.

The senior high activities fund balance was given at \$21,807 after expenditures of \$2,128 and the junior high fund at \$5,529 after expenses of \$88 in the last month. The athletic fund balance is \$370 after income of \$37 and expenses of \$314.

WRINKLES

by Marie Davant

NEW YORK—Chemical science has found a white substance made with quicksilver that works wonders on wrinkled, roughened face and hands. Use it one time and it is entirely possible you will see improvement next morning. In a few days dry-skin wrinkles start to vanish. Many of the small ones around the eyes and mouth have already disappeared. But that is not all. "Old-Age" (weathered) brown spots on hands and arms—brown "age" darkness on surface of face and neck fades away! Rich oils lubricate pores so blackheads can slip out without squeezing. Surface pimples and blemishes and scars, outwardly caused, dry up or become less noticeable! But don't take my word for it. Make a 6-day test without risking one penny. Just get a jar of Peacock's Imperial Creme at your favorite department or drug store. Use this thrilling cream for 6 days—and if you are not delighted with results, full price will be refunded. No questions asked. Peacock's Imperial Creme can work wonders for wrinkles, lines, brown spots and other weathered blemishes. You may obtain Imperial Creme for \$2.00 plus tax from Rea and Derick Drugs. Clip this out.

The board approved revisions in the curriculum to include introduction of the modern mathematics program in Grades One through Eight. The science curriculum will include biology in Ninth Grade, chemistry in 10th Grade and physics in 11th Grade. Biology, chemistry, physics and physical science will be optional for high school Seniors and Latin will be eliminated in the Ninth grade academic requirements and will be an elective subject for upperclassmen.

Members were told that the boards of Huntington and Reading Twp. and York Springs borough met May 4 to act on the results of the merger approved April 28 by voters of the three districts and adopted the name of Bermudian Springs School District.

The merger was rejected by voters in Latimore Twp. and East Berlin. The boards discussed the establishment of a joint operating committee and revision of the joint operating agreement, but delayed action until a later meeting. It was tentatively agreed that two board members from each district will comprise the proposed joint operating committee. William Lehman was elected treasurer of the joint boards.

The budget for the 1964-65 school year was increased by \$21,500 to \$568,500 to provide adjustments in teachers' salaries and the addition of a business manager to the administrative staff. The increased budget also permits the addition of two school buses.

The board approved payment of bills totaling \$42,930, which included \$25,000 payroll, \$4,226.39 transportation and \$2,874.69 electric service and heat. Cafeteria receipts for the month were \$12,026.44 with expenses of \$7,961.76.

The board also approved a summer recreation program to include swimming and music and granted permission to the Senior Class to visit New York City and the World's Fair.

Fairfield Driver Arrested As Tipsy

Arthur Wilson, 48, Fairfield R. 1, was placed in the county jail this morning at 12:30 charged with driving while under the influence of intoxicants.

According to the police report, Wilson was being followed by the borough police car on N. Washington St., and the officers were attempting to stop his vehicle, when Wilson allegedly turned west onto the railroad tracks where his vehicle soon came to a halt. The officers charged Wilson before Justice of the Peace Robert P. Snyder and secured Swope's tow truck to remove the car from the railroad tracks.

Later today Wilson posted \$500 bail on arraignment before the justice.

Movie Suspends Integrated Film

BIRMINGHAM, Ala. (AP) — A leader of the National States Rights party says a theater here has agreed to suspend showing of a movie with an integrated cast.

Dr. Edward R. Fields, a leader in the NSRP, said both his group and the Ku Klux Klan protested showing of the movie "Free, White and 21" at a local drive-in. The States Rights organization picketed the theater Sunday night.

Fields said further picketing was planned Monday night but was canceled when the theater manager agreed to withdraw the picture.

Pickets waving anti-Jewish placards and Confederate flags drove away all but a few potential customers Sunday, police said.

PARKED CAR DAMAGED

them loose in this inferno down here," he said.

Gloria Richardson, leader of the two-year-old integration movement in Cambridge, was among those arrested. Those not hospitalized were transferred to National Guard headquarters in Pikesville, across Chesapeake Bay and north of Baltimore.

The guardsmen ordered into Cambridge before Wallace's appearance at the invitation of the Dorchester Business and Citizens Association included units which were called out at the height of similar violence in Cambridge last summer. A token force of 10 had been assigned to the uneasy city throughout the winter, but there had been no curfew or other restrictions similar to those imposed after an outbreak of shootings and arson last July.

The 1963 demonstrations emphasized demands of the Cambridge Nonviolent Action Committee for integration of restaurants and other public accommodations. The Town Council approved a public accommodations amendment to the Cambridge charter after these outbreaks, but it was overridden in a public vote on the question last Oct. 1. The Business and Citizens Association led the opposition.

As Wallace addressed that group Monday night integrationists were massing across town in the predominantly Negro quarter. They had just spilled out of a hall where about 400 attended a rally featuring speeches by Mrs. Richardson and other integrationist leaders.

"Wallace, Wallace, Wallace go home," they had chanted at the rally. Mrs. Richardson was among speakers urging them to re-emphasize their demands for integration.

Meanwhile, the all-white crowd was gathering in the Volunteer Firemen's Arena, where Wallace later declared:

"The left-wingers want to drive this country straight to socialism."

He repeated his declaration that the civil rights bill "will take over every home, farm, business, labor union and school in your state."

He also renewed his challenge to debate the civil rights bill with Sen. Daniel B. Brewster, the favorite-son stand-in for President Johnson against Wallace in the primary.

Urge Passage Of Pension Bill 2332

World War I veterans are urging all veterans and others to write President Lyndon B. Johnson, before Memorial Day, asking his aid in getting pension bill 2332 out of the Veterans Affairs Committee.

The plea was made Monday evening at a meeting of The Gettysburg Barracks of the Veterans of World War I in the VFW home.

A stand of colors was presented to the local barracks by the Auxiliary of the Hanover VFW. Mrs. Ellen Arnold, president, made the presentation. Others from the Hanover Auxiliary who spoke included Mrs. Hilda Hoff and Mrs. Hilda Barnes. Other speakers were Mrs. Ruth Miller, past president of the local VFW Auxiliary, and Mrs. Catherine Moser, president of the local unit.

Jesse M. Kline was elected delegate to the state convention July 26-29 at Wilkes-Barre. Roy Alexander was named alternate delegate.

Paul Keepers To Head Fire Police

Paul Keepers, Emmitsburg, was elected president of the Adams County Fire Police Association at its meeting in Arendtsville Monday night. He succeeds R. Thomas Adams, of Gettysburg.

Clair Bowers, York Springs, was named vice president; John Hoffman, Bensenville, secretary; Paul Hollinger, Littlestown, treasurer, and Frank Sager, York Springs, assistant secretary.

Installation of the new officers is scheduled for the annual Ladies' Night banquet to be held Saturday evening at East Berlin.

Gettysburg Police Chief Jack Bartlett met with the fire police to ask assistance of that organization in handling the annual Memorial Day parade here. The group agreed to provide sufficient men to assist with the parade.

SEEK NATO AID

Leading statesmen sought to bring NATO authority to bear on the Greeks and Turks to submerge their animosities for the common good. The would-be conciliators hoped to arrange a meeting between the Greek and Turkish foreign ministers, Stavros Kostopoulos and Feridun Cemal Erkin.

Kostopoulos' on his arrival from Athens told Rusk, Canada's Paul Martin and others that Greece opposes any discussion of Cyprus inside NATO. He was echoing the view of Cyprus President Makarios, the Greek Cypriot leader.

Erkin, however, vowed that he would bring the Cyprus issue before the council.

PLAN TO FLOW

A National Park Spokesman said he had "no idea such quantities of the stuff" were to be disposed of.

The sludge is regarded as having high value as fertilizer and the NPS had hoped to improve some of its land thereby.

Flowing operations were to begin in the treated areas of the Winebrenner farm today and fresh-turned earth will replace the smelly surface dressing. Winebrenner said the old airport site may not yet be dry enough for plowing but it will be plowed when it is accessible.

Winebrenner, who has had his share of calls from complainants and from public officials who have been drawn into the controversy, said there is "no rubbish or garbage" in the material being spread on his fields but "chlorinated, digested sludge" from the disposal plant.

USED ON FARMS

Farms near town have been using the sludge for the past 25 years, he said, and some years ago all of the present Eisenhower farm was covered with this type of fertilizer. He said there is no conflict with state or county laws. The material is "fine as fertilizer" and sells in plant stores at 10 cents a pound.

He said he is not charging the Dillsburg concern anything for providing a dumping place for the sludge and he in turn is not paying for the sludge.

Donald X. Sullivan reported that the battlefield tour by air program held Sunday was "a successful project" and said he hopes that by next year "we can have four planes and 10 pilots on duty throughout the day. I think that, judging by the response this year, this can be our most successful project."

Sullivan donated use of his plane and flights were made at a "penny a pound." The proceeds went to the boys and girls fund of the club.

Sullivan also announced that a chapter of the Experimental Aircraft Association is being formed at Doersom's Airport and the members are planning to build an experimental plane there. Friday evening at 7:30 o'clock a film from the national organization showing the most recent meet of the experimental group will be shown at the airport. The public is invited to attend.

Vice President Edwin Kann presided at the meeting.

Letter To The Editor

May 11, 1964

Dear Mr. Editor:

I always wondered what they did with the stuff they clean out of septic tanks. Now I know. I've seen it with my own eyes and I've smelled it with my own nose. They — and I don't know exactly who they are, men I assume — pour tank load upon tank load of it on such places as the fields on Oak Ridge in the area of the Peace Light.

Yes, for the past four or five days and nights we here on Oak Ridge in the area and south of the tower have had it. They set the whole thing up beautifully and it was at its best over a gorgeous weekend when great numbers of visitors out for beautiful sights and sweet smells on the battlefield were traveling the avenues around the mess. In fact, Mr. Editor, the Ridge folks were so affected by foreign odors even though they had battened down their doors and windows that they experienced extreme difficulty sticking to prayer language in their Sunday prayers.

SWITCHED TO JAIL

This indignity that was perpetrated upon a community took place just a few hundred yards west of our homes. At first the breeze was from the southwest. Not wishing to be the least selfish about it we attempted to swing it around to bring it in from the northwest in order that the main part of the town might share in the blessed experience. But the best we could do was to bring it in line with the county jail and home. No doubt those poor folks thought the inhabitants on the Ridge were sending down gas to asphyxiate them. We had hoped to control a south-east wind in order to add something a little extra to the menu at the Peace Light Inn.

It's illic time, but you'd never know it out here. We'll have to wait till next year to know whether lilac blossoms are still as fragrant as they used to be.

And, Mr. Editor, you should have seen Cheta. Cheta, you know, is the doctor's dog next door. He is a big black dog, very sensitive; almost more human than some people. Well, Cheta sniffed the air and knew that some breathtaking tragedy had befallen the hill. Now, Cheta is no half-way dog. He goes the whole way. So across the avenue he dashed and with complete abandon rolled in the stuff. Apparently he had heard some human say, "If you can't lick 'em, join 'em." You might know that when Cheta returned to the house he wasn't fit to associate with anyone, not even fellow dogs.

NOT VERY SOCIABLE

In fact none of the families on the Ridge were in a very sociable mood over the weekend. For some reason guests even didn't want to stay long. It would have been a dirty trick, of course, but there were some who were sickened enough — even literally — by the whole miserable business that they could have greatly enjoyed seeing those who did this job on them rolled in it a la Cheta.

No, I don't know who's responsible for this irresponsible piece of business. At least it began on government property. Since our government has enough messes on its hands elsewhere in the world, when complaints were registered deliveries to that particular area were discontinued. However, the stench that a dozen families must live with and breathe in concentrated form still continues. Something could be done about it, but to this moment nobody with authority has done anything.

Since we who have no choice can't seem to control the wind so that everybody can be served where they live, if anyone wishes to share in the consequences of somebody's stupidity let him come up on the Ridge and take a sniff sometime.

92 Dead Or Missing In Military Plane Mishaps

By CARL ZIMMERMAN

MANILA (AP) — Ninety-two persons were dead or missing today following four military plane crashes around the world. Most of the victims were American military personnel.

A fifth plane, a U.S. Air Force supersonic fighter, crashed in the Philippines today but the pilot parachuted to safety.

The four fatal crashes occurred Monday in the Philippines, off Spain, in southern England and in Alabama.

At Clark Air Base north of Manila, a U.S. Military Air Transport jetliner with 83 persons aboard crashed short of a runway and burst into flames. Seventy-three persons died in the wreckage and another two died in the base hospital.

IN HOSPITAL

The other victim was an American serviceman riding in a taxi which the plane struck as it headed for the runway, the Air Force said.

The eight people on board who survived the crash were in the base hospital. The Filipino cab driver and another American passenger in the taxi also were hospitalized.

Aboard the four-engine C135 were 9 Air Force crewmen, a flight nurse, 48 Air Force passengers, 19 Navy men, 4 Coast Guardsmen and 2 Nationalist Chinese.

"I don't think anybody knows what caused this thing," an Air Force spokesman said. "There was nothing in the plane's behavior that could give a clue to any mechanical failure."

NO DISTRESS SIGNAL

No indication of distress came from the pilot as he brought the big jet in from Hickam Air Base, Hawaii.

Landing in a rainstorm, the plane struck a 42-foot antenna-like aircraft navigational aid just inside the base fence, hit

the taxi on a road running along the base perimeter, and broke up in flames.

The C135 was on a troop airlift mission from Travis Air Base, Calif. It was to return sick and injured personnel to the United States.

The Air Force said the crash was the first involving a C135 in the Western Transport Air Force, and only the second for a MATS C135 in more than 75 million miles the service has flown the big planes since June 1961.

In the other fatal crashes:

A 24-hour air and sea search failed to find the 10 crewmen of a U.S. Navy long-range patrol plane that crashed at sea 20 miles off Cadiz, Spain. The plane, based at Jacksonville, Fla., was taking part in maneuvers off the U.S. Polaris submarine base at Rota, Spain.

Four crewmen were killed in the crash in southern England of a British Vulcan bomber, one of a type that can carry British H-bombs. Two crewmen parachuted and were injured.

A U.S. Air Force C119 carrying 43 student paratroopers to a jump zone made a crash landing in a field near Searle, Ala. Two men were killed.

No Curfew Law For Biglerville: A report of the committee on the curfew ordinance was given at the meeting of the W.C.T.U. of Biglerville at the meeting at the home of Mrs. Lida Rouser. The committee had secured the names of the majority of the voters of the town to a petition praying the Town Council to pass a curfew ordinance. The petition was presented to the Council at its regular meeting but was rejected, their objection being the cost.

Takes Charge: Charles S. Duncan this morning received his commission as postmaster at Gettysburg. It is under date of April 27 and is for four years. Mr. Duncan took actual charge of the post office during the day.

Charles Drum is hospital assistant on the United States Hospital Ship "Solace" which left Vera Cruz on Wednesday for New York with 101 sick and wounded Americans. He is a son of Mr. and Mrs. C. M. Drum, Chambersburg St.

Straw Ride: A straw ride was enjoyed Friday evening by a number of young people of town to the home of Mr. and Mrs. Emanuel Plank along the Fairfield road. Those present were Misses Helen Kaufman, Miriam Weaver, Florence Culp, Edith Swift, Catharine Rinehart and Lottie Culp, Messrs. William Timmins, John Stahl, Edwin Codori, Melvin Hill and Earl Deardorff.

Bad Roads Hurt Traffic: Bad roads resulted in the loss of much automobile tourist traffic to Gettysburg on Sunday, five cars being turned back between Gettysburg and New Oxford alone, because of the bad stretch of road below Granite which was considered too dangerous for the chauffeurs to attempt. The Harrisburg road is said to be in deplorable condition for a short distance about five miles out of Gettysburg, and news of these bad roads is said to be working untold hardship to the regular motor traffic which is usually on in full swing at this time of year.

Ortanna: Ivan Musselman has planted 32 acres in cherry trees the last few weeks, using 2900 trees. Half of the ground planted in cherry will be in strawberry between the trees. He will operate a strawberry planter in doing this work.

Try New Lights: The light committee of the town council has had two gas arc lights placed at the corner of Carlisle Street and Center Square. The electric light at that place is not used at present and citizens will be able to compare the service rendered by the old system and the gas now being given a trial.

Another Janitor: Otis G. Baughman started work this morning as one of the janitors at the new federal building. Frank Sloaner has been employed in this capacity for some time and the two men will attend to the numerous tasks necessary to keep the fine new structure in its proper condition. Benton Gilbert this morning took up his duties as parcel post carrier. He succeeds John Slaybaugh.

REARGUARD ACTIONS
The humble piccolo player in band or orchestra may play one of the smallest musical instruments, but let him play one false note, and the conductor will at once know it. Humble though that player may be, yet he is important to the whole.

And that is the way it is in life. No matter how humble a part you may play, always bear in mind that it is important. In an army those who stand behind to help protect those who go before are immensely important, for they are the rearguard heroes. They make the main force efficient, and besides bring in the stragglers.

Rearguard actions in life are a most important part. There is always glory enough for all, no matter what part we play in life. Main achievements are what count most. Unity is the thing. "All for one and one for all." Had this been the objective of the human race long, long ago, there would have been no tragic two World Wars.

None of us should ever regret our humble role in life. The thing is to play that part, nobly and with heroism. "From self alone," said Burton, "expect applause." The personal satisfaction that warms the heart is credit enough. The joy of appreciation, however, gives added glow and makes life just that much more worthwhile.

We who play the rearguard action with credit deserve the thanks of those who do the heavier job ahead. Their victory, however, is ours as well. To become world-minded is to become humanity-minded. Selfishness alone is the enemy of this great, universal ideal.

No matter what our place or station in life may be, we are being watched by an Unseen Eye—that of the Commander-in-Chief over all. The great are those who do great—no matter where that action is performed. In a broad sense, we are all rearguard workers, and our actions measure out our worth in the over-all scheme. Happily, then, let us take our place and uncomplainingly earn our right to that commendation: "Well done, thou good and faithful servant!"

CARELESS
I like to toss my coat upon the chair

Though twice ten thousand times have I been told
There is a place to hang it 'neath the stair,

Likewise a hook designed my hat to hold.

Something within me I can't quite explain

Makes too much order difficult to bear.

Always, it seems, when I get home again

I like to toss my coat upon a chair.

To me the home spells ease and true delight

And closets with their hooks are dark with gloom.

Always I'm over-eager with the night

To settle in my comfortable room.

Scarce past the door I fling my hat aside

As if it were a needless weight of care

And swiftly to be rid of foolish pride

I like to toss my coat upon a chair.

SENIORS HOME FROM TRIP TO WORLD'S FAIR

The Littlestown High School Seniors have returned home from their annual class trip. The three-day trip to New York City and the World's Fair was made by bus. The group, which included 65 seniors and four chaperones, left town at 7:30 on Thursday and returned on Saturday at 1 a.m.

In the city they toured the United Nations and the Empire State Building. Some students went shopping at Macy's. The group enjoyed a bus tour of Greenwich Village, the Bowery and China Town. The time was divided between sightseeing in the city and visiting the fair, where they saw the fountain and fireworks and heard the music by night. Among the fair highlights they visited the General Motors, General Electric and Ford Company buildings. Approximately 100,000 persons visit the fair daily. During the trip the group lodged at the Sheraton-Atlantic Hotel.

Those seniors who made the trip were George Ambrose, Richard Anderson, Terry Arbogast, Sandra Arter, Constance Bair, Donald Bair, William Basehoar, Steven Basehoar, Ronald Benner, Sally Bigelow, William Bless, James Bowersox, Judith Brown, Linda Brumgard, Arthur Byers, Terry Crabbs, Lowery Close, Jo Ann Cookson, Kenneth Crumbacker, Carole Dayhoff, Deanna DeGroot, Carol Fox, Linda Frock, Margaret Gentzler, Linda Harner, Harry Herring, Karen Hildebrand, James Hilker, Wilford Houston, Robert Jacobs, Linda Knipple, Edward Kooztz, Judy Kooztz, Ann Kroh, Linda Leese, Burnell Lockner, Sharon Long, Richard Maitland, Ellen Miller, Marilyn Miller, Terrance Morelock, William Prosperi, Gail Reindollar, Nancy Rucker, Ronald Ruggles, Maria Sanchez, Betty Sell, Jay Stein, Gregory Smith, John Stambaugh, Joyce Steick, Timothy Stites, Edward Strausbaugh, Earl Strausbaugh, Catherine Study, Steven Study, David Trump, Beverly Updyke, Phyllis Wallick, Keith Waltman, Kathryn Weikert Yealy, Randi Myrvang, Leroy Weaver and Barry Rhodes.

The students were accompanied by Mrs. Ralph E. Barley and Donald C. Feeser, class advisors, Mr. Barley and Mrs. Feeser.

Mother, Daughter Banquet Is Held
The 28th annual mother and daughter banquet of Grace Lutheran Church, Two Taverns, was held on Saturday evening in St. James United Church of Christ parish hall, along the Harney Rd. Grace was sung by the group. The turkey dinner was served by the women of St. James Church. Miss Evelyn K. Reaver was toastmistress.

The program opened with group singing, led by Miss Viola Sachs and accompanied by Mrs. Clarence Myers, and continued as follows: Welcome, Susan Waybright; toast to mothers, Cindy Rummel; toast to daughters, Mrs. Cyril Rummel; song, "Mother," Mary Sadler, Cindy Rummel, Diane Herring, Donna Sadler, Susan Rummel and Donna Reaver; skit, "I Light My Candle," Mrs. Percy Grove Jr. as mother; Donna Sadler, Mary Sadler, Susie Rummel and Donna Reaver as the daughters; Mrs. Alma Reaver Pauling was the speaker.

Recognitions were paid to the oldest mother present, Mrs. Mervin Patterson, Littlestown; youngest mother, Mrs. Dean Shorb, Littlestown; youngest daughter, Jody Marie Sheeley, Hanover; youngest grandmother, Mrs. William Shealer, Harrisburg. Songs included "Grace," "Thank God for Mother," "Our Pledge," "Smile Awhile," "My Mother, 'Tis of Thee," "Good Night," "Blest Be the Tie."

The committee in charge of arrangements for the banquet was composed of Miss Evelyn Reaver, Miss Betty Harner and Mrs. Cyril Rummel.

Make Donations To Seminary Appeal

Twenty-five dollars was donated to the annual seminary appeal by the Holy Name Society of St. Aloysius Catholic Church at the meeting Sunday at the church. Plans were made to serve the ladies of the church a brunch Sunday morning, June 7. Paul E. Altoff is chairman of the committee, in charge.

It was decided that in the future three Masses will be said for every deceased member of the Holy Name Society. Thomas French is in charge. Paul Altoff, retreat chairman for the parish, urged as many as possible to attend the retreats to be held the last two weekends in July and the weekends in August at Mt. St. Mary's, Emmittsburg. The women of the church will serve the men of the church a breakfast Sunday, September 13, when installation of the newly elected officers will be held. There will be a guest speaker. This breakfast will take place of the regular September meeting. The next meeting will be October 11.

CONG. CANNON PASSES AWAY

WASHINGTON (AP) — Rep. Clarence Cannon, D-Mo., veteran chairman of the House Appropriations Committee, died today. He was 85.

Aides said Cannon had entered Washington Hospital Center Monday, but said they did not know the reason for his entry.

Death occurred about 4 a.m. (EDT), the congressman's office was advised.

A peppery and agile figure despite his age and slight stature—he was only a 140-pounder—Cannon was dean of the House in point of age at the time of death.

He had been a member since 1922 and was outranked in service only by Rep. Carl Vinson, D-Ga.

IN GOOD HEALTH

Associates said he had been active and apparently in top health through last week, but had complained Sunday of not feeling well.

Rep. George H. Mahon, D-Tex., shepherded a supplemental appropriation bill through the House Monday at Cannon's request—a chore Cannon normally would have performed for himself.

Under the congressional seniority system Mahon, as the Democrat with the longest service on the Appropriations Committee behind Cannon, succeeds to the chairmanship.

Actually Cannon's Washington service extends long back of his tenure in the House. In 1911 Champ Clark, then speaker of the House, persuaded him to come to the capital as a clerk in the speaker's office.

Cannon recalled not long ago that "I wanted to see the wheels go around" for a few weeks so he took the job on a temporary basis. He never went back to Missouri to stay, and, one way or another, he has been personally making the wheels go around ever since.

"War Buddy" Calls Editor From Rome

SEDALIA, Mo. (AP) — William D. Hill, news editor of the Sedalia Democrat, received a telephone call Monday from Rome, Italy.

The caller identified himself in broken English as an old war buddy and began rattling off the good and hard times they had during the war.

Hill had a hard time cutting in, but finally told the caller: "You must have the wrong number, because I wasn't in the Army in World War II."

"But you are William Hill,

BIBLE SCHOOL IS PLANNED BY MINISTERIUM

The Littlestown Ministerium made plans to sponsor the annual Daily Vacation Bible School and to conduct the Littlestown High School baccalaureate service at the May meeting held on Monday morning in St. Paul's Lutheran Church.

The Bible school will be held each weekday, June 2-14, in the Rolling Acres Elementary School. The doors will open at 8:30 a.m. and classes will dismiss at 11:15 a.m. Children born in 1960 or before are eligible to attend. The Rev. G. Howard Koons, president of the ministerium, will serve as dean of the school and announced that it has been decided to memorize a hymn during the daily devotional periods. Matters regarding the school will be discussed at a meeting of the teachers following the close of school on the first day.

The ministerium will participate in the annual baccalaureate service on Sunday, May 31, at 8 p.m. in the school auditorium. The baccalaureate sermon will be delivered by the Rev. Graham T. Rinehart, pastor of St. Paul's Church. The other pastors taking part will be as follows: Invocation, the Rev. John C. Chatlos, pastor of St. James' United Church of Christ, along the Harney Rd.; scripture, the Rev. William R. Jones, pastor of Centenary Methodist Church; prayer, the Rev. Glenn K. Flinchbaugh, pastor of Redeemer's United Church of Christ; offering and offertory prayer, the Rev. William C. Karns, pastor of St. John's Lutheran Church; benediction, the Rev. Mr. Koons, pastor of Christ United Church of Christ.

OTHER PLANS

Preliminary plans were announced for the annual preaching mission to be held the first week in January, 1965. The guest missionary will be the Rev. Dr. Edgar A. Henry, district superintendent of the Harrisburg District of the Methodist Church.

The ministerium will participate in the community Memorial Day parade and service on Friday, May 29. The opening prayer was offered by the Rev. Mr. Chatlos and the closing prayer was by Pastor Rinehart. Those present were the Rev. Messrs. Koons, Karns, Jones, Flinchbaugh, Chatlos, Rinehart and Rev. David S. Kammerer, retired Lutheran minister and secretary of the ministerium.

Election of officers will take place at the next meeting on Monday, September 21, at 10 a.m.

aren't you?" the caller insisted.

"Yes, but there are at least three other William Hills in Sedalia, and heaven only knows how many others in the United States."

Ask More Effort On Delinquency

PHILADELPHIA (AP) — The Health and Welfare Council has sent letters to Gov. William W. Scranton and Philadelphia's Mayor James H. J. Tate, urging a stepped-up fight against juvenile delinquency in Philadelphia.

Council president Robert N. Hilkert, in the letters, called juvenile delinquency Philadelphia emergency problem.

He asked that funds be made available to study expansion of youth study center facilities, and that facilities at the state's Youth Development Center be increased. He urged that a remedial reading course be established at the development center.

Hilkert, on behalf of the council, also asked that the staff of the juvenile division of the court be increased and be given improved in-service training, and that state plans for increasing facilities for committed youths be speeded up, with emphasis on forestry camps.

ASKS PROBE OF MILK PRICES

HARRISBURG (AP)—A Mercer County Republican legislator asked the House Monday to approve a resolution calling for an investigation into milk price regulation in Pennsylvania.

Other resolutions introduced Monday called for investigations into automobile insurance companies and transactions in stock of the Philadelphia Transportation Co.

The milk investigation was proposed by Rep. Ralph J. Down who asked Gov. Scranton to appoint a nine-member committee to make a "thorough study" of the milk industry with particular emphasis on the Pittsburgh milk marketing area.

Many protests have been raised in the 13-county area against the Milk Control Commission pricing policies because of the area's proximity to Ohio where usually lower prices prevail. Bipartisan sponsorship was given a resolution proposing a legislative probe of the "relative high rate of failures among mutual casualty insurance firms" and to determine whether regulations can be adopted to prevent their occurrence.

TWO ARE KILLED

POTTSTOWN, Pa. (AP)—Two supervisors at plants in Pottstown were killed in separate accidents Monday.

Thomas W. Rosen, 44, supervisor at the Doehler-Jarvis plant was crushed to death when he was caught in a dye-casting machine.

Thomas Bertolett, 54, foreman at the Bethlehem Steel Co. plant, was crushed to death when a 1,000-pound drill fell on him.

Warriors Tighten Grip On League Lead With 3-2 Win Over Cannons

A run without benefit of a hit in the top of the sixth inning proved the margin of victory for the Gettysburg High School Warriors who eked out a thrilling 3-2 decision at Biglerville Monday afternoon to strengthen their grip on first place in the county league.

Charley Greiner of the Warriors and Bob Garretson of the Cannons hooked up in another fine pitchers' duel all the way.

Gary Herring and Mike Herring walked to open the Gettysburg sixth. Mike Flynn was retired on strikes while Gary Herring was tossed out trying to steal third. Dane Kennell bounced to third and, on an overthrow at first, Mike Herring scampered home.

The Warriors tallied their first run in the opening inning. Tony Bushey and Eddie Tilberg opened with singles. Ken Ketterman forced Bushey at second base. A short tie later Tilberg raced home from third as Gary Herring was tossed out.

In the third inning Greiner beat out an infield hit and Bushey walked. Tilberg forced Bushey at second and then Ketterman singled Greiner home.

Biglerville stopped Greiner's string of scoreless innings on the mound in the sixth inning. Jim Taylor and Don Heckman walked. After Rod Guise fanned, Garretson singled Taylor across.

The Cannons nearly pulled the game from the fire in the final inning. Wayne Crum was safe on an infield error and Howard Coulson singled. Dick Hartman was safe to load the bases grounded to third to nip Crum. Delmar Crum bounced a grounder over the pitching mound on which Tony Bushey made a fine stop and forced Hartman at second. Crum scoring. Jim Taylor, attempting to squeeze in a run, bunted unsuccessfully and on the final attempt the ball escaped the catcher on a low toss. Flynn retrieved the ball quickly and tossed to Greiner at the plate to cut down Coulson. Heckman struck out to end the game.

Gettysburg, 7-1 overall, plays at Littlestown this afternoon while Biglerville, 2-4 for the season, entertains Fairfield.

UPPER ADAMS FIELD DAY ON WEDNESDAY

Approximately 500 Fourth, Fifth and Sixth Grade boys and girls, whose combined weight is about "24 tons of physical fitness," will take part in the sixth annual elementary field day of the Upper Adams schools Wednesday on Memorial Field, Biglerville.

The program, culminating activity in the elementary physical education program under the direction of William J. Williams, will start at 9 a.m. and finish at 3 p.m.

With Arendtsville entering competition this year, all Upper Adams elementary schools will be represented. Others include Biglerville and Bendersville. Each youngster is limited to competition in two events.

Events to be held include the 50, 75, 100 and 440 dashes, softball throw, 100-yard shuttle relay, three-legged race, sack race, tug of war, crab walks, standing broad jump, wheelbarrow race and high jump.

Although champions will be declared in all events, no points will be scored nor will any attempt be made to determine which school might qualify for grand championship in this meet. Ribbons will be presented the first, second and third place individuals in each event.

Arendtsville pupils will be served lunch in the high school building and Bendersville students in the Biglerville Elementary building. Due to the problem of feeding all children in the Biglerville cafeterias, parents will be served a light lunch at the concession stand. Lunch will be served from 11:30 a.m. until 12:30 p.m.

Delone Nips York Catholic In Ninth

Joe Keffer's double with two runners aboard in the last of the ninth inning sent over the winning run as Delone Catholic nipped York Catholic 5-4 at McSherrystown Monday afternoon.

This afternoon the Squires, 4-3 overall, were scheduled to play at Carlisle.

who lost their sixth in seven games, struck for three runs in the eighth before reliever Barry Latman cut off the rally.

Whitfield hit his grand slam in the fifth and Brown hit his three-run homer in a four-run eighth-inning uprising that sent the Indians and rookie Tommy John into the ninth with an 11-1 lead. The Red Sox, however, battled back, jamming in six runs after two were out in the ninth before Ted Abernathy put off the fire.

The Delone Catholic High School baseball squad, above, now 4-3, was scheduled to meet Carlisle this afternoon on the latter's field. The Squires will play at York Catholic Wednesday to make up a postponed game.

CARDS UPSET CULP IN 7TH AND WIN 3-2

PHILADELPHIA (AP)—Philadelphia Phillies' righthander R. Culp seemed to have the St. Louis Cardinals handcuffed Monday night.

For six and two-thirds innings he had given up only one hit and allowed only three other cards to get on base—two on walks and one on an error.

Two were on in the seventh, with two out, when he faced Julian Javier, who had broken up his bid for a no-hitter with a single in the sixth. Javier belted the first pitch into the upper deck for a three-run homer and a 3-2 Cardinal victory.

It was that quick.

The Phillies stayed within easy striking distance of first place in the National League, despite the loss, as the Houston Colts upset the San Francisco Giants, 4-1. The Cardinals, Ray Sadecki went the route for the win, his first of the season.

The Phillies scored one in the first, with a walk to Cookie Rojas, John Callison's sacrifice and Richie Allen's double down the left-field line.

They tallied again in the second when Danny Cater singled, Gus Triandos walked and Bobby Wine knocked in Cater with an infield grounder after Sadecki balked.

It remained 2-0 until Javier turned the tables in the seventh. The Phillies have Art Mahaff (2-1) going against Curt Simmons (3-2) for the Cardinals tonight.

EAGLES WIN M-D TOURNEY; MSM EIGHTH

American University's Eagles won their first Mason-Dixon Conference golf championship by turning in a team score of 629 in the tournament Monday on the Ingleside course at Staunton, Va.

Individual honors went to Mike Becker of American who recorded a two-under-par 142 in the 36-hole competition.

Mt. St. Mary's finished eighth in the 11-team affair with 676. Other team scores were: Second, Hampden-Sydney 629; third, Old Dominion 632; fourth, Lynchburg 644; fifth, Bridgewater 646; sixth, Randolph-Macon 661; seventh, Baltimore 663; ninth, Johns Hopkins 677; 10th, Roanoke 689; 11th, Western Maryland 737.

Dick Crist turned in the best performance for Mt. St. Mary's with 79-80-159. His teammates scores were: Martin Conroy 84-82-166; Kevin Costello 90-85-175; Len Engler 86-80-176.

EXILES SILENT ON PLAN TO END CASTRO REGIME

By THEODORE A. EDIGER

MIAMI, Fla. (AP) — Talk of impending military action against Fidel Castro gained momentum today in this Cuban exile capital, but plans, if any, were shrouded in secrecy.

Officials of anti-Castro groups, while not denying that something was in the air, were tight-lipped in contrast with the open talk situation prior to the ill-fated 1961 Bay of Pigs invasion. They spoke of a long guerrilla war, sabotage, infiltration and hopes for defection of Castro's armed forces.

ENDS CONFERENCE

Rogelio Cisneros, newly named chief in Exile of Revolutionary Junta—JURE—returned from a conference in Puerto Rico with Manuel Ray, who has promised to be fighting inside Cuba by May 20, Cuban independence day.

Cisneros was silent about his talk with Castro's former Havana underground head, now designated JURE's chief inside Cuba. Ray founded JURE.

A spokesman pointed to JURE's emblem, a twig.

"It is small, but it will grow," he explained.

MAIL TRANSLATIONS

Another activist group, Revolutionary Recovery Movement—MMR—reported it is mailing out English translations of a speech by its head, Bay of Pigs leader Manuel Artime, predicting "a long, hard war full of blood and sacrifice."

Bonneauville Fire Company's new \$18,650 fire truck arrived Sunday at the fire hall in Bonneauville. Firemen spent the day cleaning and preparing the vehicle which they expect to have ready for operation in about 10 days. First new truck bought by the company since 1948, it was constructed by the W. S. Darley Co. of Melrose Park, Ill., on a Ford F-850 chassis. The truck has a 500-gallon water tank, a 750-gallon-a-minute pump, a pump to give up to 1,000 pounds of pressure for high pressure fog sprays, heated hose reels above the booster tank to prevent the hose from freezing during winter weather, an electric siren which can also serve as a public address system, 35-foot extension ladders, space for carrying portable pumps and other equipment and racks for boots, helmets and coats. Firemen said about \$14,000 of the \$18,650 cost has been raised and it is hoped that with the forthcoming festival and other activities the full cost of the vehicle can be paid off this year. Members of the fire company shown examining the truck include, left to right, Burrell Long, former Chief Rodney Noel, James Strausbaugh, Melvin Noel and Richard Staub.

He was quoted in his March 18 address to an exile group as comparing Castro's forces to Goliath and his to David.

Revolutionary Unity Movement, a large anti-Castro organization, published a coupon in its official publication urging Castro's militiamen and soldiers to defect.

The coupon, to be mailed to Cuba by exiles, says: "The Communist regime is near its end. When that moment arrives, the most responsible figures will try to flee, a flight already prepared, but they won't include sacrifice."

you."

The message to Castro's servicemen added: "Take note what happened in Brazil. Joao Goulart (deposed president) fled in time, and left others behind, abandoned to their fate."

CAMBRIDGE, England (AP)—Peter Reddaway, a British exchange student deported from the Soviet Union, today denied Soviet charges that he tried to persuade the wife of a Soviet defector to follow him to the West.

Reddaway said he saw the wife of Oleg Lenchevsky in Moscow twice "purely as an individual." Lenchevsky defected to the West in 1961.

"Both visits were short and I simply passed oral messages of greeting and affection from Oleg Lenchevsky to his wife," Reddaway said.

Asks For War On Federal Spending

WILLIAMSPORT, Pa. (AP)—U. S. Rep. John W. Byrnes, R-Wis., called on Americans Monday night to wage a war on government spending.

He told some 350 businessmen attending the 20th annual meeting of the West Branch Manufacturers Association that the recent tax reduction would fail to boost the nation's economy unless federal spending is cut.

"If the public is not willing to insist on and accept the spending reductions that go with the tax reduction, we may have lit the time bomb of inflation and the collapse of the dollar," Byrnes said.

"We the people must recognize the dangerous fiscal path we are taking and ask less, not more, from the federal government."

A Lovelier You

JET-SET FASHIONS. For a girl on the go, cotton fashions are coming in on the beam. Of them-

WORK Fantasia

Moreover all the significant fashion trends are interpreted in cotton. Purely as a sampling, here are some of the zingiest ideas:

Town-travel suits, a la Chanel, in black-and-white houndstooth cotton tweed; black poplin all-weather capes, back-wrapped; daytime coattresses of waffle pique in darks and neutrals; cotton ottoman-at-home and evening coats, plain or subtly imprinted with florals; calico combinations, often elasticized, for beach and patio wear; cotton lace in glamor swim suits and shirtwaisters; cotton chiffon and tucked voile in array of soft, low dresses for twilight hours and after.

With all its newness, cotton has not forsaken its old and beloved virtues. It looks cool and is cool. It responds to suds like flowers to showers. And what is more refreshing to wear on a muggy day than a freshly laundered cotton?

Whether your summer plans call

for rocketing to a job or around the world, cottons will take you there and bring you back in style. High style!

MOST FLATTERING COLORS

In fashion, nothing makes you lovelier than color. It can enhance your skin, hair, eyes and figure; it can express your individuality and style. Great powers, those! Hoboes Of Bygone Years Appeared To Be Soldiers Of Fortune Says Scribe

By JERRY BUCK
RICHMOND, Va. (AP)—What ever happened to the hoboes I used to know as a kid?

I haven't seen an honest-to-goodness hobo in years. Apparently in this age of prosperity they have been squeezed into employment.

But to a kid in those first post-depression years they were everywhere. The railroad tracks were only a few blocks away and every freight train brought more of them to the Louisiana bayou country where I grew up.

Looking back, I suppose most of them were derelicts, bewildered and abandoned, but in those days they seemed like soldiers of fortune.

AURA OF GLAMOR

In old felt hats, knee-length coats and open-toed shoes, they had an aura of glamor. They came and went like the wind and every meal was a picnic around a camp fire.

We had no sidewalk in front of our house on which to scrawl a sign, but the hoboes all seemed to know my mother was an easy mark. She was always good for a plate of scrambled eggs, bread and a cup or two of coffee. Sometimes I would sit beside one on the back steps and watch him wolf down the food.

Dad had a brick yard along the tracks, and for a time it was a hobo Hilton. There wasn't much demand for bricks, and for months at a time its kilns stood empty. We used to play there, up the chimneys, down through the tunnels, and out again, yelling just to hear our echoes.

CALL BY WHISTLE

The hoboes turned the kilns in to harbors from the wet and the cold—and perhaps too from the world. A knapsack tossed into a

corner and a blanket on the floor and it was home until the wail of a train whistle called them on again.

A few bricks made an excellent hearth on which to set a battered pot. I pooled my nickels with the hoboes for a sack of beans and salt pork. Its odors filled our cavern, and nothing ever tasted better. We sat around the fire while the rain dripped outside and I heard embittered tales of places that seemed to me like the Arabian Nights.

USED OLD AUTO

I was especially envious of one ingenious fellow who fashioned a home out of an abandoned auto. It sat under a weeping willow beside a brick pond filled with junk.

It was a shell. The motor and wheels, even the fenders, were gone. He stripped it bare inside, then plastered the walls and chinked the holes with newspapers to ward off the chill. From the junk heap he salvaged an old car seat and it was chair and bed. An upturned crate was a table.

Later, long afterward, a gang of us braced ourselves against the willow and shoved the car into the pond. A little sadly, I watched it settle into the murk. They are gone now, and no hoot of a diesel will ever bring them back. Like our childhood, they are gone.

MATING CALL FROM ABOVE

MIAMI (AP)—The sonic boom from jet planes breaking the sound barrier gets an enthusiastic response from the bull alligators in the Everglades swamps lying outside town. The alligators roar back, in a chain reaction chorus. Naturalists speculate that the boom from the plane is on the same frequency as the alligators' mating roar; the 'gators mistake the boom for a challenging male; boom back, causing others to get into the act, and so on till the swamp is all in an uproar.

OREGON VOTE IN SPOTLIGHT IN U. S. FRIDAY

By LARRY OSIUS
WASHINGTON (AP)—Oregon's Republican presidential primary election Friday holds the week's top political holding as a si-sided donnybrook.

The big West Coast scrap comes after Sen. Barry Goldwater and Gov. Nelson A. Rockefeller cruise through a pair of uncontested GOP presidential primaries Tuesday — the Arizona senator in Nebraska, the New York governor in West Virginia.

With the Republican National Convention opening two months from Wednesday in San Francisco, an Associated Press survey now shows this lineup of first-ballot votes:

Goldwater	266
Gov. William W. Scranton	63
Henry Cabot Lodge	43
Sen. Margaret Chase Smith	14
Richard M. Nixon	7
Rockefeller	4

LESS THAN HALF

As favorite sons, Gov. James A. Rhodes of Ohio has 58, Rep. John W. Byrnes of Wisconsin has 30 and former Rep. Walter H. Judd of Minnesota has 6. In the uncommitted column are 210.

With 701 of the 1,308 delegates chosen, Goldwater now has less than half of the 655 needed for nomination.

Goldwater is the only entry in the Republican presidential preference primary in Nebraska but efforts have been made to secure write-in votes for Lodge, U.S. ambassador to South Vietnam. And a last-minute campaign for write-ins for former Vice President Nixon was announced Friday.

ROCKEFELLER ALONE

Rockefeller is the only candidate on the GOP preference ballot in West Virginia. There is no provision for counting write-in votes in that state.

Voters in both states also will choose delegates to the party conventions—who are not bound by the outcome of the primaries—and nominees for senate and governor.

Also on tap Tuesday is the Rhode Island Republican convention. A nominally uncommitted slate which includes supporters of Goldwater, Rockefeller and Lodge is being pushed by Gov. John H. Chafee but there are indications Goldwater supporters will seek a delegation more strongly committed to the senator.

On Oregon's ballot Friday are Goldwater, Lodge, Rockefeller, Nixon, Gov. Scranton of Pennsylvania and Sen. Smith of Maine.

Lodge, Nixon and Scranton all have said they are not candidates for the nomination but would accept it.

LODGE TEAM AT WORK

The same team that helped Lodge spring a surprise victory in New Hampshire's primary two months ago has been working hard in Oregon for several weeks.

A victory by Lodge would be no surprise this time; polls have shown him leading the field for several weeks. Rockefeller and Goldwater waged strong early campaigns in Oregon but Goldwater cut back his campaigning recently.

The Oregon primary could play a big role in Nixon's political future. He has left the door wide open for the nomination and last week expressed his gratitude for the efforts of two former campaign aides who have been seeking votes for him in Oregon since late April.

The 18 Republican delegates chosen Friday will be bound by law to vote for the winner of the Oregon primary. President Johnson is unopposed for the 24 Democratic votes.

Nebraska Republicans will choose six district convention delegates in the primary. Most of the candidates say they favor Goldwater for president.

In West Virginia, 14 Republican delegates will be elected. Twelve more GOP convention delegates will be selected when Vermont Republicans convene Saturday.

Balky Motor Balks Joan's World Trip

HONOLULU (AP)—Flier Joan Merriam got 200 miles toward Oakland, Calif., on the final leg of her trouble-plagued around-the-world solo flight before being forced to turn back Sunday night because of a rough-running engine.

The Long Beach, Calif., pilot's plane was escorted back to Honolulu by a Coast Guard search plane that met her 150 miles east of the Hawaiian Islands. She landed without incident.

She started from Oakland in mid-March in an attempt to follow the planned route taken by the ill-fated Amelia Earhart in 1937. Miss Earhart vanished in the western Pacific.

Sylvania Plans New Space Antenna

BUFFALO, N. Y.—A basketball-size space antenna capable of scanning 60 trillion cubic miles in a split second may result from studies being made by scientists of Sylvania Electric Products, Inc.

The investigation, being conducted under an Air Force contract, concerns the design of an electronically steerable millimeter wave antenna with no moving parts. The study includes the possibility of placing the tiny system in space vehicles.

Millimeter waves are radio waves one to 10 millimeters in length which can be focused into intense, narrow beams to transmit information. Their use permits substantial reductions in power requirements, size and weight in comparison with conventional equipment.

ADVERTISE IN THE TIMES

James MARLOW Reports

By The Associated Press

WASHINGTON (AP)—For three centuries American Negroes had been waiting at the gate that kept them in the Jim Crow cellar of American life. Then on May 17, 1954 the Supreme Court unlocked it for them.

That was 10 years ago but Negroes have been able to push it open only very slowly.

On that far-reaching day in May the court said public school segregation because of a child's race was wrong, that it meant unequal treatment and was therefore unconstitutional. But the ruling really went far beyond schools.

FIGHTING SINCE

For in effect the court said the very principle of segregation is wrong, which meant from then on Negroes could fight with confidence against all forms of segregation and discrimination in public places.

They have been fighting since. And many white people — including the clergy — who had no racial prejudice but had sat idly by through the decades until 1954 have joined them in the struggle.

But prejudiced whites are an obstinate army who never really believed the Declaration of Independence which said all men are created equal and have tried to ignore or defy the court in preserving segregation and discrimination.

BARRED BY CHURCHES

Even some white Christian

churches still refuse to let Negroes in. And Negroes are discovering, if they doubted it, that the South has no monopoly on prejudice. They have found it intensely against them in the North, too.

Negroes, with increasing confidence and swelling numbers, have sought to batter down the barriers in a thousand places, a hundred ways. North and South through sit-ins, lie-downs, marches, freedom rides, demonstrations and court fights against discrimination in voting, restaurants, schools, housing, unions.

As the struggle grows, so does violence, which causes national concern.

JEFFERSON "TREMBLED"

Thomas Jefferson, who wrote the Declaration of Independence in 1776 and had slaves but sought to end slavery, also had concern about the future when he thought about the condition of the Negro in America.

He said: "I tremble for my country when I reflect that God is just."

If it had not been for that court decision of 10 years ago the American Negro might still be suffering discrimination in comparative silence for the law — or the court's interpretation of the law — was again him.

Police would probably have felt far freer to smash Negro protests because of a decision of the Supreme Court in 1896 which said segregation was constitutional.

It wasn't until 20 years later that Negroes were able to begin

chipping away at that decision. This was against a discriminatory housing ordinance in Louisville. But the fight thereafter was tortured and slow.

The real march began in the 1930s when the National Association for the Advancement of Colored People decided on a strategy which was crowned with the final triumph of 1954.

This was the strategy: but by bit, case by case, fight all the way up to the Supreme Court specific cases of discrimination, like segregation of Negroes on buses, trains, in graduate schools. They won case after case but never total victory.

GOING TO INCREASE

In each specific case the court might say the segregation practiced was wrong without ruling out the principle of segregation. That finally came 10 years ago, thus wiping out completely the decision of 1896.

Negro agitation will increase this summer and even if Congress approves the kind of civil rights bill the Negroes want it will still be, as their leadership has said, only a part of what they feel is their due.

Tegucigalpa, capital of Honduras, has a population of 107,000 and stands 3,200 feet above sea level.

Most people don't realize how low Chrysler's new prices really are. Do you?

We find that many people think a Chrysler is a high-priced car.

Quite frankly, some models are.

But what many people don't realize is that some Chrysler models are actually priced lower than a small car equipped the way you'd want it.

Take the Chrysler Newport sedan. Manufacturer's suggested retail price is only \$2901, not including the variables like state and local taxes,

destination charges and optional equipment. That's \$2901—which includes such good things as a 361-cubic-inch V-8. The kind of engine you'd pay extra for on a smaller car.

Interesting, isn't it?

Then why stick with the smaller jobs? They can't muster the room, the ride, the luxury or the performance you really want—no matter how many extra-cost options you put on them.

Charge Hoffa And 7 Aides Raided Teamsters Pension Fund Of Reported Millions

CHICAGO (AP) — James R. Hoffa, president of the Teamsters Union, and seven codefendants raided a Teamsters pension fund in order to help Hoffa out of personal financial difficulties, the federal government charged Monday in U.S. District Court.

In his opening statement of the mail fraud and conspiracy trial of the eight defendants, Charles Z. Smith, special assistant U.S. attorney, said the government would prove that they fraudulently arranged \$25 million in loans from the pension fund over a 4½-year period.

HOFFA USED MILLIONS

Smith told a jury of eight men and four women that \$1 million of that amount was diverted to the defendants' own use.

The jury and four alternates were selected after two weeks of examining prospective jurors during which nearly 600 veniremen were questioned.

Smith said the loans were part of a scheme to help extricate Hoffa from personal financial difficulties stemming from his involvement in a housing project for retired persons in Brevard County, Fla., called Sun Valley Inc.

Smith, a tall, bespectacled Negro, told the jury Hoffa used his influence to obtain fraudulent loans in return for which the defendants received kickbacks in the form of fees, stock options and stock interest.

Hoffa is a trustee of the Central States, Southeast and Southwest Area Pension Fund which has its headquarters in Chicago.

FEW TICKETS FOR TV SHOWS IN NEW YORK

AP Television-Radio Writer

By CYNTHIA LOWRY

AP Television-Radio Writer — NEW YORK (AP)—The approaching months may be a great time to visit New York's World Fair, but it is a poor season for attending network television shows.

NBC, for instance, has no tickets at all available to visitors, and does not expect to be able to fill requests until after Labor Day. It's "Tonight Show," always very popular with visitors, has every audience seat booked through October.

CBS reports that it is overwhelmed with requests for free tickets and can make no guarantees at all about filling them. Persons may, however, write to the network asking for tickets and as far in advance as possible. It also suggests trying to pick them up at its ticket distribution window—just in case any are available.

BOOKED AHEAD

ABC says there is a big, constant demand for tickets to "The Price Is Right," but that it is telecast from a small theater with a limited number of seats. In addition, ABC prefers its audiences to consist of young adults. Two other audience shows, "Missing Links" and "Get the Message," can accommodate more visitors in larger studios.

Persons wishing "Price" tickets are asked to write for them at least five weeks in advance. Two or three weeks will be safe for the other shows. Some tickets may also be distributed in New York hotels and motels.

SERIAL SHAKEDOWN

Last Thursday, the character

Airmen Save Man Swept Into River

KLAMATH FALLS, Ore. (AP)—Four Air Force men, including two Pennsylvanians, have been credited with saving the life of a fisherman who fell into the Klamath River Saturday.

S. Sgt. Edgar S. Donaghy, 33, of Chester, Pa., said he saw a fisherman swept into the swift river current after falling from a rock and jumped in to rescue him.

Donaghy pulled the man, Sim L. Stratton, 61, to shore and was joined by three companions from Kingsley Field Air Base in administering artificial respiration.

The others were A/2C George J. Cox Jr., Reading, Pa.; S. Sgt. F. Buckley, 33, Wilmington, N.C.; and A/2C William W. Boyer, Gooding, Idaho.

Youth Is Killed In Trailer Crash

HONESDALE, Pa. (AP)—One New Milford youth was killed and another injured Monday night when the tractor trailer they were in upset on a dirt road between Starrucca and Stevens Point in Wayne County.

Dead was Robert M. Osborne, 18, of New Milford R.D. 2. Donald Welch, 16, was admitted to Lourdes Hospital in Binghamton, N.Y., in critical condition.

"Major Page" was abruptly dropped from the CBS daytime serial, "As the World Turns." On Monday, a character who looks amazingly like Major Page popped up under the name of Jim Matthews on NBC's new daytime serial, "Another World."

It is all part of a pretty routine shake-down for a new serial. Actor John Beal was originally cast in the important Matthews role, but after a few days the arrangement was not working out right. So author Irma Phillips quickly made a few changes in the plot of "As the World Turns," of which she is also the creator and writer, eliminating the Page character, and immediately re-cast the actor, Leon Janney, in the permanent, leading role of the new NBC show.

PROJECT 70 LEGISLATION DUE MAY 25

HARRISBURG (AP)—The Senate is expected to start action the week of May 25 on enabling legislation for Project 70, Pennsylvania's \$70 million recreation and land reclamation program.

A one day hearing was held Monday on the issue by the Senate Forests and Waters Committee.

Chairman Zehnder H. Confair, R-Lycoming, said his committee would take up consideration of proposed amendments in the next two weeks.

ADMISSION CHARGES

Leading the parade of witnesses were the State Chamber of Commerce and the Pennsylvania Farmers' Association, calling for the establishment of admission charges at all state parks built under Project 70.

The Farmers Association also proposed a special commission to regulate purchase of land in the program.

"Eighty per cent of Pennsylvania's best farm land is located in Project 70 acquisition counties," the association contended.

OPPOSED BY GODDARD

Dr. Maurice K. Goddard, state secretary of forests and waters, opposed the proposal for admission fees, claiming they would discourage use of the state park. "Admission charges would close parks in many cases to our youth, our retired and those with limited incomes," Goddard said.

USED BY CHILDREN

He told the committee that just last weekend he saw hundreds of children fishing for blue gills at Pinchot State Park in York County.

"Isn't it better that they were fishing instead of throwing rocks through garage windows or something?" he asked.

The voters approved the concept of Project 70 in a special referendum last November. Now the legislature must lay the ground rules for borrowing and spending the money.

SEES \$2 MILLION

Discussion of the proposed admission charges highlighted the four hour hearing.

Goddard argued the park users aided the economy through purchases of food, gasoline and touring items.

But A. L. Bennett, chairman of the forest resources committee of the state chamber, said the state could obtain as much as \$2 million a year by charging admission fees.

OTHER PROPOSALS

The state chamber also proposed three other amendments: —Requiring private enterprise to share in the development of park facilities.

—Permitting normal utilization of land where it does not hamper park development.

—Requiring the state to make in-lieu-of-tax payments to local governments for real estate removed from tax rolls for park purposes.

The Pennsylvania Electric Association proposed an amendment that would require the state to provide new right-of-way and pay reconstruction costs when utility lines are taken over for park or open space use.

Luzerne's School Plan Is Adopted

WILKES-BARRE, Pa. (AP)—The Luzerne County Board of School Directors voted Monday to adopt a reorganization plan that would group the county's 60 school districts into 10 administrative units. Charles D. Lemmond, of the Forty Fort school district was the only one on a seven member board to vote against the proposal, which by law, must be submitted to the department of public instruction by July 1.

The 1964 General Assembly has cleared a major hurdle on the way toward final adjournment with unanimous committee approval of \$1.067 billion in state government appropriations.

The Senate probably will start action the week of May 25 on enabling legislation for Project 70, the state's \$70 million recreation and land reclamation program. The Senate Forests and Waters Committee has taken the bill under consideration following a one day hearing in which several amendments were proposed.

Scott's Mail Is For Rights Bill

PHILADELPHIA (AP)—U. S. Sen. Hugh Scott, R-Pa., refuting some contentions that public opinion is turning against the civil rights bill now before the senate, says his mail is running three-to-two in favor of it.

Scott was interviewed Monday during a visit to nearby Villanova University, where he addressed the Villanova Political Union, a student discussion group.

Scott also said he would back any candidate the Republican convention names for the presidency, but that the choice might affect his campaign methods.

In his speech, Scott said Communist Chinese leaders are following "hard-line Stalinist doctrines" and would not be admitted to the United Nations until they renounce violence.

CLUB BREAKS UP

WILKES-BARRE, Pa. (AP)—Luzerne County Court has set June 1 for a hearing on a petition by Hayes Creek Country Club members for permission to dissolve the club.

Members told the court Monday that because of highway construction, the club land can no longer be used for recreation. The club, chartered in 1932, lists assets of \$46,216.

GUNMAN GETS \$8,500

PHILADELPHIA (AP)—Burt Mayer, 63-year-old operator of a check cashing agency, told police he stepped from behind a bulletproof enclosure to fix a window shade Monday and a gunman walked in and forced him to hand over \$8,500. The gunman escaped with the money.

LEGISLATURE HEADING INTO HOME STRETCH

By THE ASSOCIATED PRESS

HARRISBURG (AP)—The 1964 session of the General Assembly headed into the home stretch today with the committee approval of a bill to provide \$1.067 billion for government operations beginning July 1.

The House Appropriations Committee approved the bill on Monday without dissent and voted to send it to the floor.

Also given unanimous committee approval was a package of bills to appropriate \$58 million for state aided colleges, universities and hospitals.

UNANIMOUS ACTION

The full House Monday passed unanimously and sent to the Senate another package of general government housekeeping bills totaling \$20 million for such items as state employee pensions and social security tax payments. All of the appropriations bills together will total about \$1.167 billion for the 1964-65 fiscal year, exclusive of the \$566 million budgeted for the motor vehicle fund.

Legislative leaders reported a slight setback in their tentative plan to conclude the session by the end of May.

COULD END BY MAY 30

Next weeks session has been postponed because two conventions in Harrisburg will take up most of the available hotel space.

Present plans are to work five days this week and five more the week of May 25.

With luck the session could be ended before Memorial Day, but some leaders privately predict it will go into the first week of June.

Both Houses met only briefly on Monday.

TO ELECT WHIP

House Republicans, meeting in caucus, set May 25 as the date for election of a majority whip to succeed Rep. Morton H. Fetterolf Jr., R-Montgomery.

Majority Leader Kenneth B. Lee, R-Sullivan, said Fetterolf, who was elected to the Senate in a special election April 28, probably would be sworn in as a member of the upper chamber on the same day.

Lee said he knew of three House Republicans vying for the position: Reps. Donald Fox, Lancaster, and Joseph W. Isaac, Delaware.

Project 70 — Dr. Maurice K. Goddard, secretary of forests and waters, told a senate committee considering the Project 70 bill that there should be no admission charges in state parks. The State Chamber of Commerce proposed the admission charges.

Judicial Reform — The Scranton administration's plan to reform the state's court system, including elimination of justices of the peace, was introduced in the House with only one sponsor—Rep. Austin M. Lee, a Philadelphia Republican defeated for re-nomination to another term.

Reject Appeal On Man's Incompetence

PHILADELPHIA (AP)—The State Supreme Court has rejected a plea of an appeal of mental incompetency by George Lee Rivers, sentenced to death for the holdup slaying of druggist Lewis D. Viner of Philadelphia.

In a 6-to-1 vote, the high court Monday turned down Rivers' plea for a habeas corpus. His counsel, Julian B. Brereton of the Voluntary Defenders Office, claimed Rivers was mentally incompetent and did not understand the significance of his plea of guilty.

Rivers was sentenced to death along with James Cater and Robert Lee Williams for the March 1957 slaying of Viner. Williams was executed in 1959, but stays were granted for Rivers and Cater, pending the outcome of appeals.

15 TONS OF GOODS GIVEN TO ALASKANS

SEWARD, Alaska (AP)—Fifteen tons of household goods and clothing donated by Allentown, Pa., have been distributed in earthquake torn Seward.

Allentown started the truckload of gifts shortly after the Good Friday earthquake which devastated Seward and other Alaskan communities. The distribution began Sunday and continued Monday.

The gifts were distributed to more than 50 families whose possessions were destroyed by the quake.

CHILD IS HELPING

An automatic washer, among the gifts, went to a family with four young children. Another family got a stove, two complete beds, two chests of drawers, a living room and dining room furniture, clothing and dishes.

Meanwhile, a ten-year-old Bethlehem, Pa., girl, Kim Marie Shortell, is conducting her own aid-to-Alaska drive. She is aiming for \$1,000 to equip a school room damaged in the earthquake.

She started her collection—with special dispensation from the usual city rules on soliciting—April 7. As of Monday she had topped \$800. Mayor Gordon Payrow is holding the money for her.

Kim Marie is a fourth grade student at Saints Cyril and Methodius Parochial School.

HOUSE PAYS TRIBUTE

HARRISBURG (AP)—The House paid tribute Monday to the memory of Rep. James J. the assistant Democratic floor leader who died May 3.

His death at 71 was described as a great shock and a "reality that is hard to accept."

U. S. FOE IN PANAMA TAKES EARLY LEAD

By ROBERT BERRELLEZ

PANAMA (AP)—Official returns from more than half the vote in Sunday's presidential election gave a commanding lead today to government candidate Marco A. Robles, advocate of a tough policy toward American rights in the Panama Canal Zone.

Electoral tribunal figures from 704 of 1,144 precincts gave Robles 86,447 votes to 73,131 for Dr. Arnulfo Arias, a slight favorite before the election.

About half the estimated 130,000 votes cast in Panama Province, where Arias had his greatest strength, were yet to be counted. It was believed the former president would have to take more than 70 per cent of the uncounted votes in the capital province to win.

COULD MEAN TROUBLE

Sullenness replaced the carnival atmosphere that had prevailed in the Arias camp. Some hinted at government manipulation, claiming that the Electoral Tribunal gave Robles an early edge to provoke Arias followers into violence. Then the National Guard could jail Arias and other leaders of his party.

A Robles victory could portend difficulty for the United States in negotiations on the Panama Canal treaty. Although all seven presidential candidates demand revision of the treaty and it was not an issue in the campaign, Arias was considered more sympathetic to the United States than Robles.

President Roberto Chiari, prevented by law from succeeding himself, had given the government coalition's backing to Robles, a 58-year-old banker-politician.

Arias, 63, drew his chief support from the lower-middle and lower classes and a large following of women.

FIND WOMAN'S BODY

We drove 3,243 miles to make a point about our Super Turbine transmission

You can do it on the way to the grocery store

Would we drive a Buick with a Super Turbine transmission* all the way from Pasadena to New York City just to win Class C in the Mobil Economy Run?

Of course. And just in case anyone failed to get the message, we did it twice again. And won Class D and Class G. In all, Buick entered 4 classes, and won 3—more than any other make of car. (Remember when people used to think Buicks used a lot of gas?) Did we make our point about the Super Buick Motor Division

Turbine transmission? You bet. Obviously you aren't planning to drive 3,243 miles to prove your new Buick is economical. And you can't expect to get as many miles per gallon as the experts in the Economy Run. Still, it is nice to know you can win the economy run around town. And the good looks prize at the same time. See your Buick dealer about it. No doubt he'll think of a number of other reasons to drive a Buick.

MAKING HER EIGHTH FILM IN TEN YEARS

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — Stars who think they must keep grinding out products to maintain their status might take a lesson from Eva Marie Saint.

Ten years ago she won an Oscar as supporting actress in her first movie, "On the Waterfront." She's now making her eighth film, "36 Hours," and she still gets top money and star billing, with James Garner and Rod Taylor.

This is her first movie since "All Fall Down," two years ago, and the relaxed honey-blonde said she welcomed the return to work.

FAMILY IS FIRST

"I don't mind the lapse between pictures," she said, "but two years is a little too long."

Why has she done only eight films in a decade?
"Because I've always considered that family matters come first," she said. "Many of the pictures I was offered were to be filmed in Europe, and that meant separating the family, which I don't believe in."

"We all went over to Cyprus and Israel for 'Exodus,' and it was too much. My husband — Director Jeffrey Hayden — was able to get away, and we took our two small children. My parents went along to take care of them, since my housekeeper wouldn't fly over the ocean."

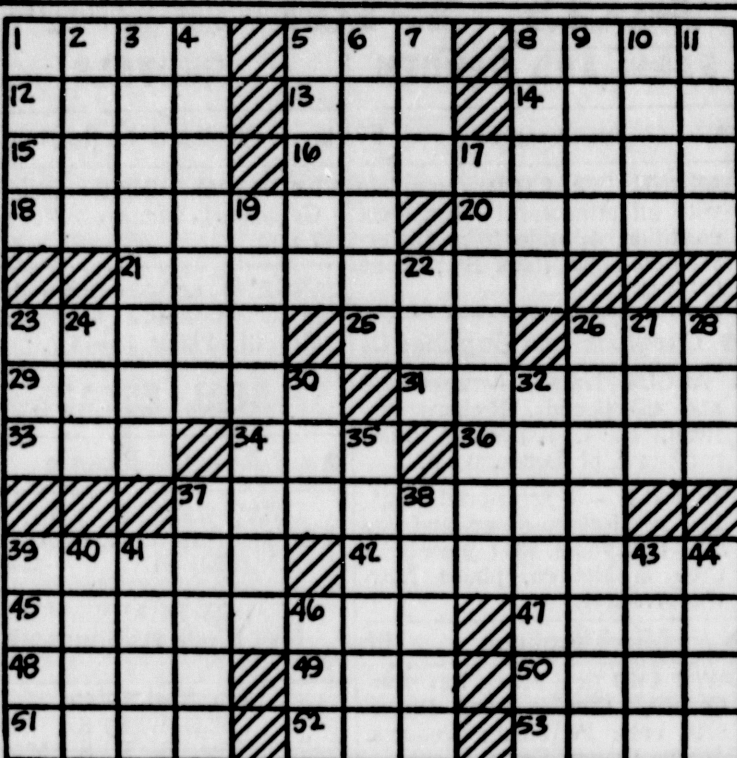

HEAVY LOSS

Eva's devotion to her family has probably cost her in excess of \$2 million. One deal alone — for "El Cid" — would have brought her \$350,000.

"The fortunate thing about having a working husband is that you don't have to worry about such matters," she said. If I were an actor with a family to support, I couldn't afford to be so selective."

Kentucky Colonel Gains Admission

LOUISVILLE (AP)—If it hadn't been for his Kentucky colonel commission Edmond R. Schlesinger might still be stranded in Canada.

Schlesinger, a native of Austria, was vacationing near Canada when he decided to cross the border. On the return trip, the border guard requested Schlesinger's citizenship papers.

He had forgotten them but pulled out his driver's license, insurance papers and various membership cards.

None satisfied the guard until Schlesinger displayed his identification as a Kentucky colonel.

"Oh," the guard sighed, "Now that's okay. You may proceed."

Is your family beginning to plan for a vacation trip this summer?

Your doctor recommends a real vacation for the entire family, to get away from customary home and office chores, forget your day-to-day worries for a short time and generally get rejuvenated and ready to face another year.

Whether your vacation will be a short trip to a nearby lake, camping out in a national park, a plane trip abroad, or what have you, there are a few things to keep in mind that will help avoid having the holiday spoiled by illness.

Depending on where you're going, you may need some vaccination shots. Tetanus, certainly, for anyone who expects to include some out-of-doors activities. Typhoid, if your journey includes areas where the water supply is uncertain. Smallpox, if you're planning to leave the United States to visit a foreign land, and want to re-enter the United States. Ask your doctor about these, and possibly other, immunizations.

Use common sense about your vacation diet. Many a family trip has been spoiled by too many roadside hamburgers and soft drinks. A sound rule while driving cross-country is to eat lightly. Be cautious about heavy, rich meals, particularly if you're not accustomed to such fare at home.

Know what sort of climate you will encounter at your vacation spot and dress accordingly. It can get cold in the mountains at night, even in midsummer. Good walking shoes are important to the travel wardrobe.

If you wear glasses, take along an extra pair. Or, at least a copy of your prescription. If you're taking a regular medication, make certain of your supply before you leave.

And, finally, don't overdo it. Almost no one other than a trained athlete is ready for 36 holes of golf or five sets of tennis under a broiling sun. Schedule your vacation to allow daily rest periods. Do most of the driving in the morning hours and stop for the evening in early or mid-afternoon. Your vacation should be a holiday for rest and relaxation. It should not be a grind that necessitates another vacation to rest up from the vacation.

Deaf Man Perfects Midget Transistor Hearing Aid

If you can hear people talk and can't make out the words clearly, then this will be your answer. An extremely small hearing aid using a tiny energized unit has been perfected by a man who himself is hard of hearing and has been for over 10 years. With his new aid, even whispers are crystal clear. If interested it is suggested you write HEARING, 32 E. 9th St., Erie, Pa. You will receive full information at no cost or obligation whatsoever.—Adv.
